

## **Child and Adolescent Mental Health Services (CAMHS)**

These times can prove very difficult for many families up and down the country. In Gloucestershire any parents can ring CAMHS (Child and Adolescent Mental Health Services) if they are experiencing significant issues at home from their child/young person, e.g. non-violent resistance (NVR) or parents can't manage, leading to a deterioration in the household not functioning.

The number to reach them on is: **(01452) 894300**
